

HAMBLETON HALL

PRESS RELEASE

Combine a heart-stopping, exhilarating and unforgettable driving experience with a private audience with ex-Formula 1 racing driver Jonathan Palmer

[10th May 2022] Do you love driving high performance cars to their limit against the clock and then talking through the whole experience with someone who really understands? Join us for an exclusive day and night in partnership with Hambleton Hall regular, ex-Formula 1 racing driver Jonathan Palmer.

On Thursday 6th October 2022 you will spend the day at Bedford Autodrome driving an unrivalled collection of 7 high performance racing cars flat out around four purpose-built circuits in an eight-activity programme with live timing, scoring and prizes for the day's best drivers.

What makes this venue unique is the spacious run-off areas which allow drivers the freedom to drive harder and faster than anywhere else in the world, with outstanding safety, in an inspiring environment. Many people dream of driving a Formula One car, and PalmerSport's exclusive Formula 3000 single-seater is the closest you'll ever get to fulfilling that fantasy.

Following the day's track experience you will make your way to Hambleton Hall for a dinner with fellow drivers and guests hosted by Jonathan and Graeme Matheson of Hambleton Hall.
